HOW IT WORKS

We made flannels a part of our core programs 7 years ago because 1) they never go out of style and 2) we know how to make a darn fine flannel. We've perfected our design and offer a ton of customization. Best of all we **now have eco-friendly material options across the board**. We have 3 styles to choose from, that vary in weight and lining. What they don't vary in: being absolutely bad ass flannels.

Let's get started:

- **CHOOSE YOUR STYLE**
- **CHOOSE THE FABRIC**
- **PICK SOME BUTTONS**
- **DECORATE IT**
