

CUSTOM FLANNEL FABRIC PROCESS

Looking for a Custom Flannel Fabric to showcase your brand's colors, or just want something new and fresh? We are happy to work with you to create your dream fabric in just a few simple steps.

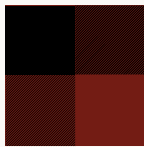

288 Piece MOQ

PATTERN DESIGN

Pick from our pre-made patterns or work with our design team to create one for you. We can dye virtually any pattern you'd like. The pattern that you pick will determine the amount of colors you get to choose. Check out our favorite pattern options below (you can swap any of these colors for your own).

2 color buffalo check

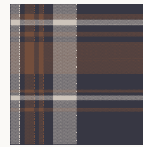

2 color plaid

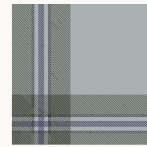

3 color buffalo check

3 color plaid

4 color plaid

COLOR SELECTION

Choose up to 4 colors for your custom fabric. We will convert any RGB, Process, or Pantone colors to the closest TPX match. When developing a custom yarn dyed fabric, it is important to keep variance in mind. We will do everything in our power to make sure each colors is dyed perfectly, however there are always a number of variables that determine how the final colors appear on the garment.

DETAILS

Each custom flannel fabric will come with one handloom (or custom fabric sample). Any additional handlooms will incur an additional fee of \$100/ea and lead time will increase with any revisions.
